

Submit building permit applications electronically

Community Development department adds email account for timely response to community builders, developers, customers

Effective immediately, a new email account is ready for use by community members with building permit applications for spring and summer projects. This email account is another step in building inspection staff contingency planning in light of limited services at City Hall and Community Development Building Inspections division as of March 19. Staff will accept, monitor, and address building permit applications as quickly as possible.

The email address is: permits.cd@ci.northfield.mn.us

Submit [building permits](#) by email.
