

Radio Free Northfield is ON; KYMN Radio would like to extend this invitation to all Chamber Members and non-Chamber members alike:

With local businesses struggling due to the Coronavirus Pandemic, KYMN would like to do their part to help. So, from 9:00 - 10:00am each weekday during the COVID-19 "Shelter in Place" decree, KYMN Radio will be offering an opportunity for any local businesses to call in to our studios at 507-645-5695 and go on the air with us live to let the public know how they are delivering their products and services in these ever changing times. We are calling it "Radio Free Northfield".

Businesses will have about one minute (we won't be timing it) to tell people you are open, your hours of operation, any pickup or delivery instructions, specials or special products that you offer, any changes in your daily operations, help wanted, or just a thank you to your customers and clients. What you say is up to you.

If your business is large or small, a chamber member or not, you are welcome to call. Whether you are in retail, food & beverage, any service or industry, even if you are a home-based small business, you (or a representative of your company) are welcome to call. You'll be put live on the air to tell your story.

I will assure everyone there is NO CHARGE and NO OBLIGATION. This is a free offer. We are just trying to help support our business community as best as we can while giving our listeners the information they have been asking for.

If you have any questions in advance, please call me at 507-645-5695 or jeff@kymnradio.net.
