

# Manganese Levels in Northfield's Drinking Water

- Manganese was required to be tested in Northfield's water in 2019 and 2020. City also tested in 2020 results below

Well Number	Manganese Level (ug/L)
02	23.7 – 58
03	116 – 205
04	119 – 344*
05	77 – 97.2
06	83 – 129

\*Well 04 sample result of 344 ug/L was presumed to be a chunk of manganese in the water

# Manganese in Northfield's Tap Water

- City conducted testing in 5 locations throughout 2020 at taps where people drank water
  - No documentation on what type of treatment, if any, took place prior to the tap
- 4 of 5 sites had tests over 100 ug/L.
